# 01 Company Overview

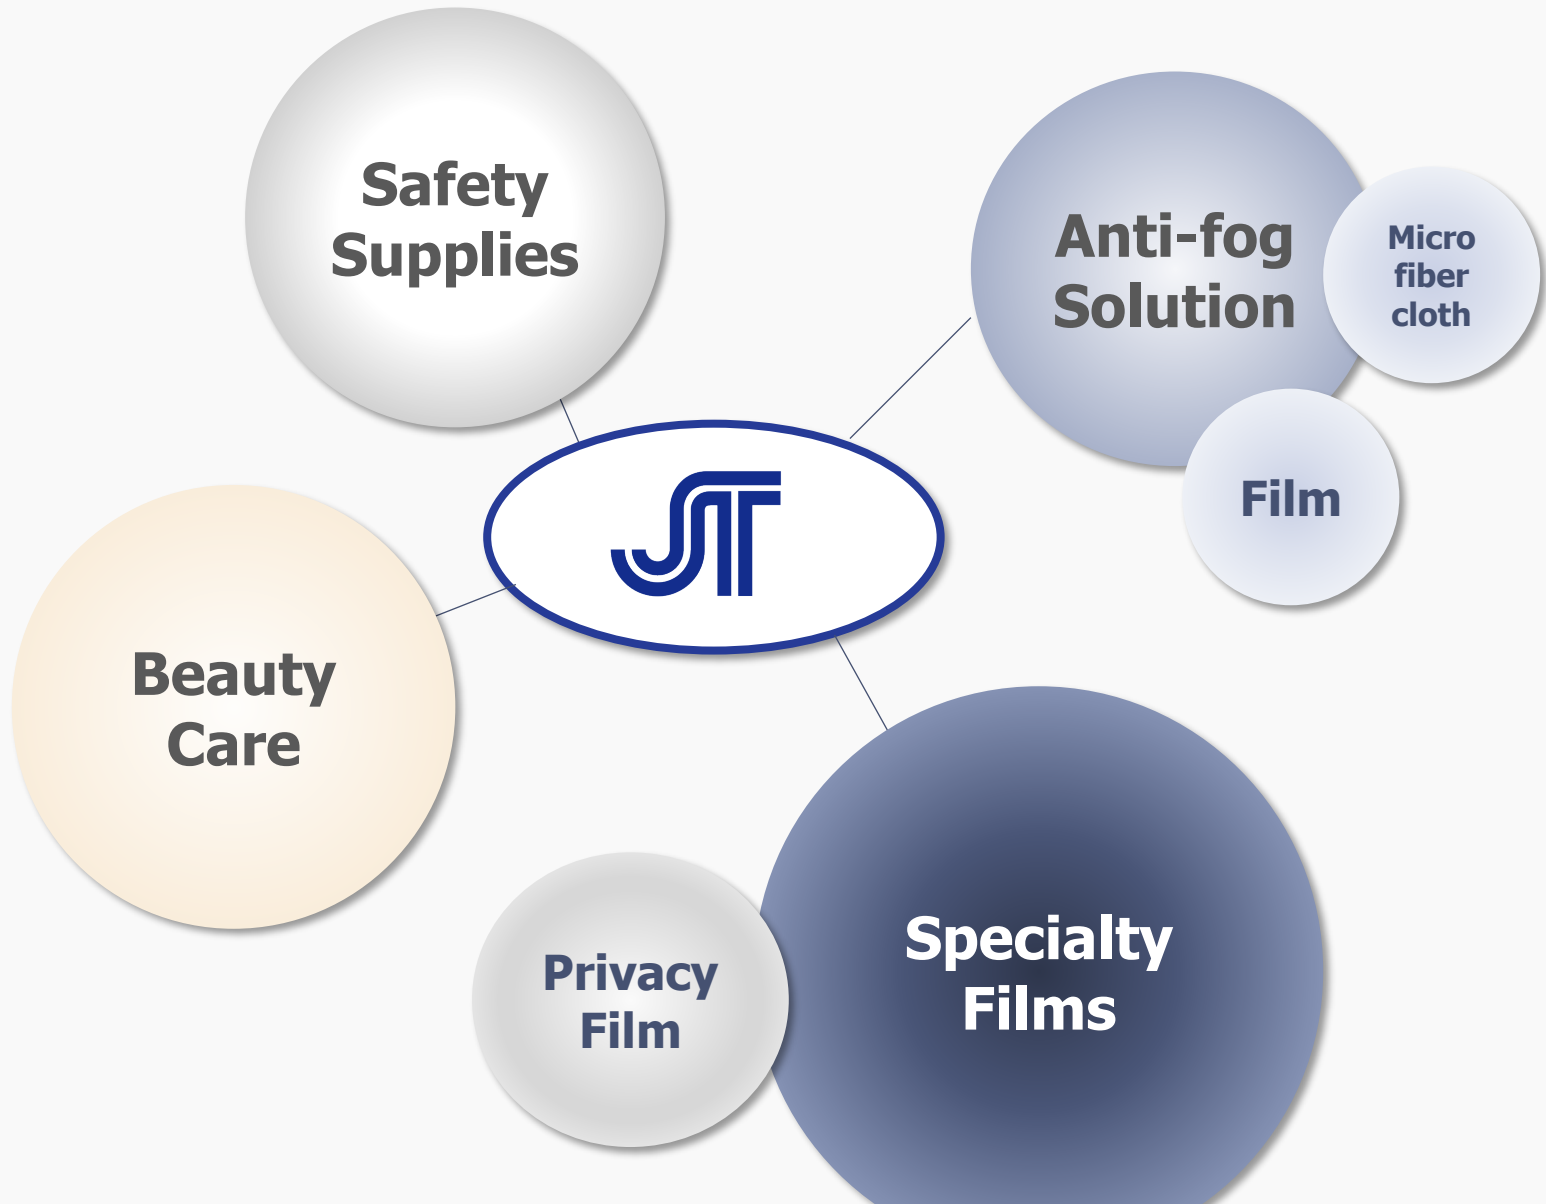

## Company Profile

Company name	JYS & Tech, Co.,Ltd.
Foundation	2017. 04.
CEO	Byungwoo Hwang
Address	#2007-8, 557 Dongtangiheung-ro, Hwaseong-si, Gyeonggi-do, South Korea
Business Area	Specialty films
	Anti-fog solution
	Beauty care
	Safety solution
URL	<a href="http://www.jys-tech.com">www.jys-tech.com</a>

## Organization

Based on core technology

## Global Partnership

OEM/ODM experiences for a long time

***Based on the trust of our customers,  
we are constantly moving toward our goal.***

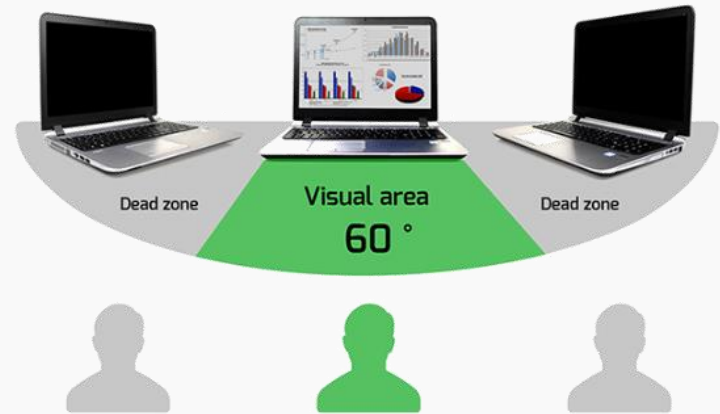

# 04 Privacy Screen Film

## Product Lineup

Thinner and more powerful!

### Features

- Thinner Microlouver → **Light transmittance up**
- **Thinner than others by 50 $\mu$ m** → better compatibility for laptops
- **Bias angle < 5° : Reduce loss** → production efficiency up  
material value up
- Protect eyesight with No ghost
- Excellent top coating : Anti-Glare, Anti-scratch, Anti-fingerprint
- Blue light cut
- REACH test pass

### Application Field

### Specification

Items		Unit	Specification	Remark
Total Thickness	Product	$\mu$ m	493 $\pm$ 50	with Protection film
	Pure Product	$\mu$ m	403 $\pm$ 50	W/O Protection film
Total Transmittance		%	66 $\pm$ 5	JIS K7105
Haze		%	15 $\pm$ 5	ASTM D 1003
Viewing angle		°	60 $\pm$ 10	Protection Rate $\geq$ 90%
BLC		%	Over 40%	380nm~500nm
Pencil Hardness		H	Over 2H (AG side)	Load 750gf

### Full Cover Film

- Perfect covering for curved display
- Self forming performance
- Simultaneous satisfaction for strong adhesive force and excellent wettability
- Light peeling force on liner

### Self Healing Film

- Excellent Self healing performance
- Perfect covering for curved display
- Simultaneous satisfaction for strong adhesive force and excellent wettability
- Light peeling force on liner

### 9H HC Film

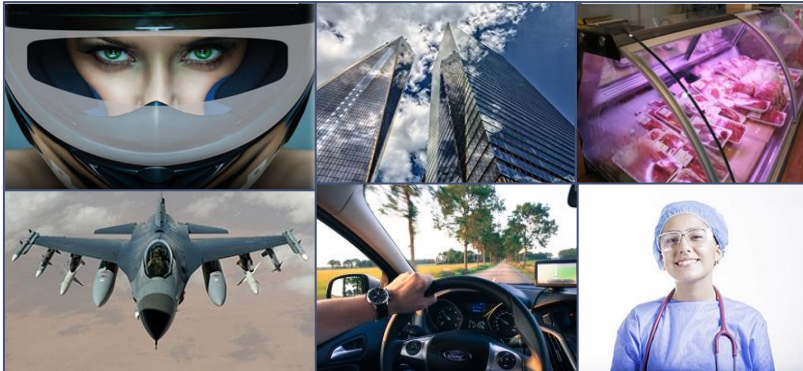

- 4~9H high hardness available
- Curl issue cleared
- Choice of top coating available (HC, AFP, Anti-bacterial...etc.)
- Excellent slip and wear resistance

### Anti-glare Film

- Prevents eye glare and reduces eye strain
- Excellent Anti-shock performance by elastic material
- 99.9% Anti-bacterial coating prevents contamination
- No Residue Problem

Feel convenience and safe by using our anti-fog products

- Product lineup : Film, mirror, cleaning cloth, chemicals...etc.

## Special Features

- Excellent durability after long time use.
- Excellent transmittance : offers optical clarity.
- Prevents injury caused by shattering in case of film product for glass or window.
